

Project 1A: Knowing You

Hazes Wong

19 September 2025

Club Info

K-pop club

This club is student who are fans in K-pop and love dancing.

If I want to join the K-pop club, I need to know more about the songs, beats, dance and fans of K-pop.

Hazes Wong

Sheridan student

22 years old

I study in Sheridan college already few years. I was study Art Fundamental and 3 years VCA. I am glad to study IxD program this time, I can learn more new things and meet more new friends.

I choose K-pop club and drawing club because I love drawing and dance. If I join the K-pop club, I need to know more about the songs of beats and feelings, dancing and fans of K-pop. Also, I want to join the drawing club because I am not good at digital drawing, so I want to learn more drawing in digital.

Hazes's goals and motivations for looking into the club

- Can learn different type of beats in dance in different K-pop songs
- Meet more new friends and do some sharing
- Can learn some new step from another dancer

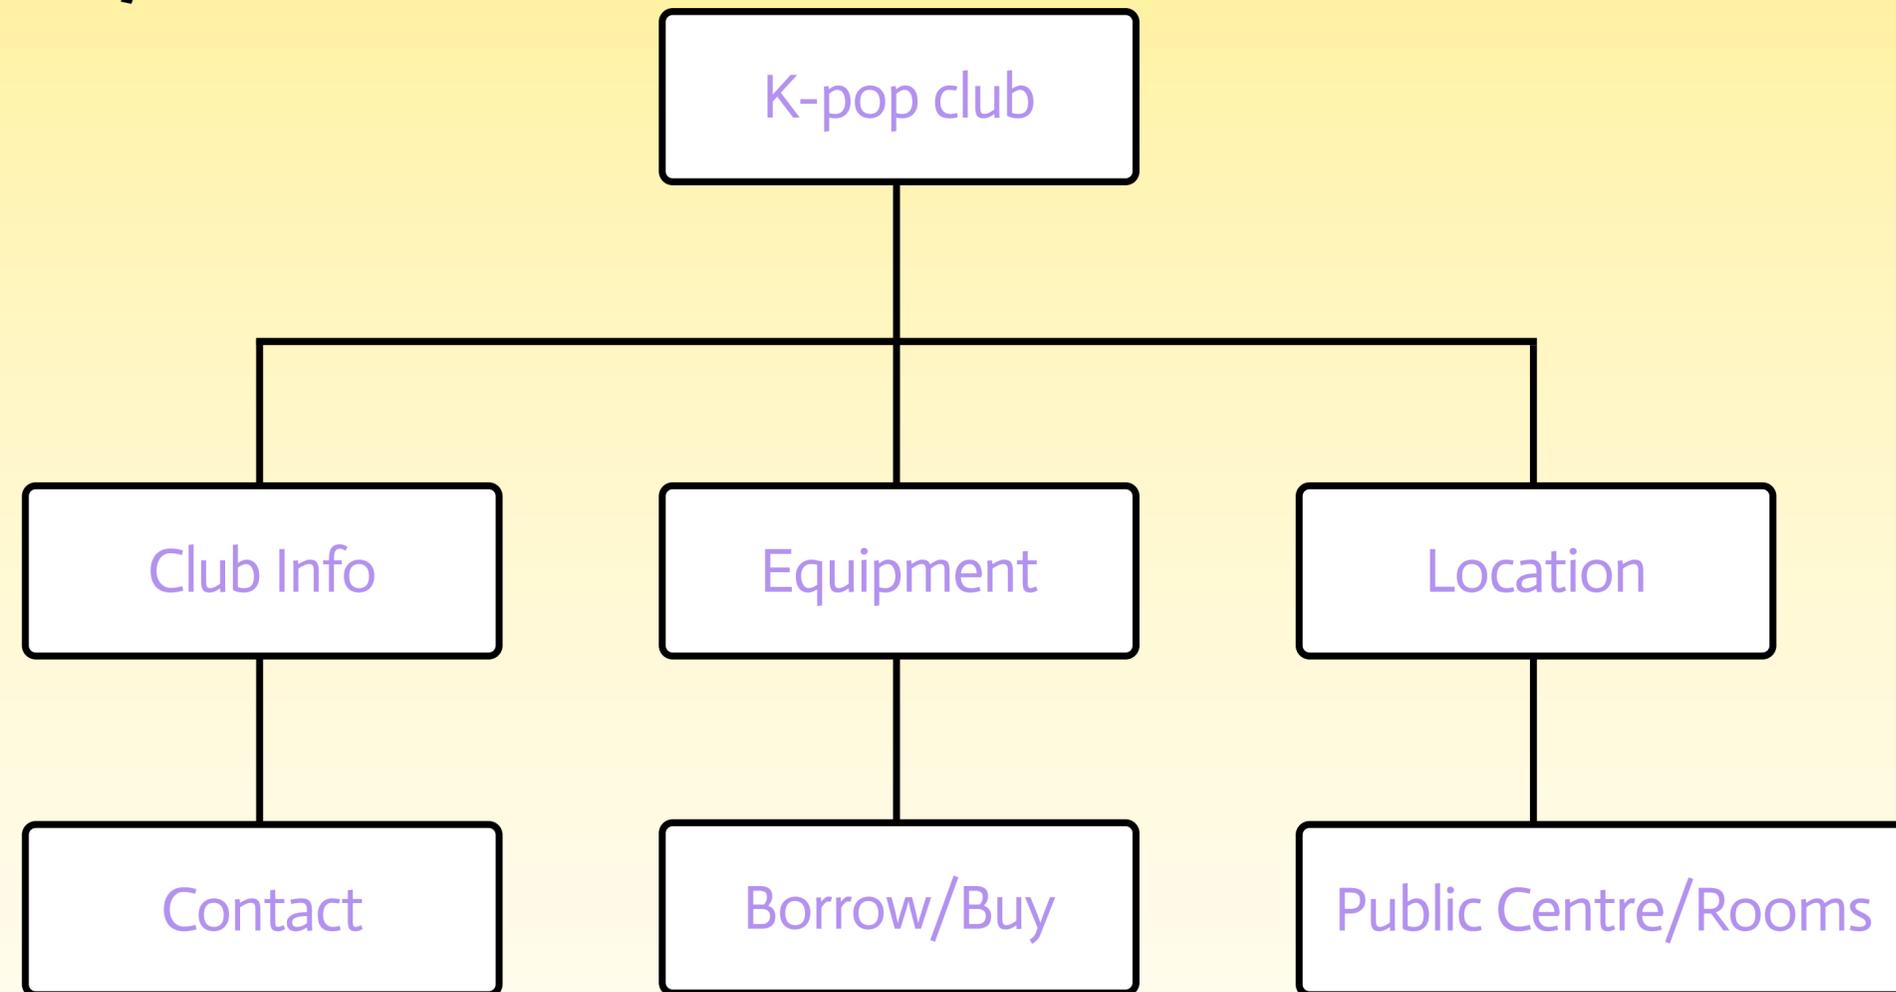

The hardest parts of the process for Hazes

- Too shy and lack of confidence to talk with anyone
- Unable to keep up with the progress
- Don't know how to follow the speed
- Afraid they doesn't like me

Information Hazes will look for the website

- Search some information about the club
- Get a contact information
- Find what they need in the club

<ul style="list-style-type: none"> • Make sure you fill in the 'Category' section. Currently, it just says the category name, and you haven't listed your goal in the category so I'm not sure what you're goal setting for. • Your goals in your continuous category should be more specific and things that you can do through the week. "Be more self confident" isn't really measurable. Instead of "try to do some sketching" maybe you can say, sketch 2 times a week or something. 	<ul style="list-style-type: none"> • For research this is what your prospective club members would know if they join your club. Do they know where you are meeting? 	<ul style="list-style-type: none"> • for your goals and motivations, will your club members be learning drawing in the kpop club? you mentioned learning digital drawing from another artist. • Also, try make your Persona in third person. • Be a bit more specific with info Hazes needs to know about the club. Your last point is a bit vague. 	<ul style="list-style-type: none"> • Make sure you fill in some of the boxes you've left empty in the same row. • Try be more specific for your weekly action to take. "Make time on your schedule" for what? 	<ul style="list-style-type: none"> • You can make a section titled appendix and place anything that's not an in class activity there! • I see you've listed equipment as one of the pages for your site map. What equipment will your club members need? Make sure these are relevant to your club
